

Optimize Your Pharmacy Program and Improve Patient Care

A team of experts will advance your clinical programs, optimize your operations and effectively manage your formulary while still addressing the challenges of cost containment.

HealthTrust's pharmacy team helped enhance our pharmacy program by creating alignment between physicians, nurses, and executive leadership while addressing our challenge of cost containment.

- Senior Pharmacy Director

Key Benefits

SUPPLY COST SAVINGS

Reduce waste, optimize SKUs, and implement savings initiatives

RESOURCE ALIGNMENT

Best practices to ensure all pharmacists are working at the top of their license

REDUCED RISK

Improved formulary process and management ensure that evidence-based medication practices are being used
